## Ph.D of Sustainable Architecture - College Lecturer - Tender and Contracts Engineer

---

### PROFILE

Seventeen years of Experience in Architectural Engineering .

Fields of Experience include : Teaching , Contracts , Designing .

---

### EXPERIENCE & PLACEMENTS

**College Lecturer – Full Time**

**IAEMS ( International Academy for Engineering and Media Science )**

Feb 2019 - Present

**Contract Manager – Full Time**

**New Urban Communities Authority**

Jun 2014 – Jun 2019

**Assistant Lecturer – Part Time**

**Ahram Canadian University - AUC**

Sep 2017– Jun 2018

**Teaching Assistant – Part Time**

**Misr University for Science and Technology**

Oct 2013 – Oct 2014

**Teaching Assistant – Full Time**

**October High Institute for Engineering & Technology**

Jun 2013 – Jun 2014

**Assistant Lecturer – Part Time**

**6 October University**

Oct 2009 – Jun 2013

**Technical Office Engineer**

**AL-QUDS STEEL – Full Time**

May 2012 – May 2013

**Design and Technical Office Engineer – Full Time**

**Abdelhady for Construction and real Estate**

Jan 2010 – Apr 2012

**Design Engineer – Full Time**

**Lotus Engineering Consulting Office**

Jul 2008 – Dec 2009

### EDUCATION

#### Benha University

- Bachelor of Architecture  
( Sep 2003 – Jun 2008 )

#### Cairo University

- Master Of Architecture  
( Oct 2008 – May 2013 )

#### Cairo University

- Doctor's degree , Architecture  
( Oct 2013 – Jun 2017 )
- 

### KEY SKILLS

- Communication
  - Leadership
  - Lecturing
  - Higher Education
  - Teaching
- 

### Licenses & certifications

- PMP Course
- ICDL
- Autocad 2D

Ph.D of Sustainable Architecture - College Lecturer -  
Tender and Contracts Engineer

---

## Published Researches

Feb 2023

Research entitled: **Sustainable Architecture responded by Islamic Architecture (Comparative Analysis for Evaluating Islamic Buildings according to Standard Sustainable design)** published at **International Journal of Advanced Engineering and Business Sciences**.

Sep2022

Research entitled: **Predictive Model on Architectural Design Optimization for Minimizing Construction Cost with Design Constraints** published at **Journal of Engineering Sciences- Faculty of Engineering - Assiut University**.

July 2022

Research entitled: **"A Study of methods of protection& preventionn from the Effects of Fires in Buildings"** published at **Journal of Al Azhar University Engineering sector**.

April 2019

Research entitled: **Nanotechnology** published at **Fifth International Conference on Environmental Research-Towards New Horizons for Comprehensive Development**.

## Training Courses

March 2024

A training course at National Training Center entitled "Preparing Leaders, Crisis Management and Human Development".

Oct2023

A training course at School of Continuing Education at Nile University entitled "Artificial Intelligence in Teaching& Training".

29 to 31 Jan2023

A training course at Assurance and Accreditation Authority entitled "External audit of Colleges and Institutes of Higher Education".

28 to 29 Nov 2022

A training course at Assurance and Accreditation Authority entitled "External review of Colleges and Institutes of Higher Education".

9 to 10 Nov2022

A training course at Assurance and Accreditation Authority entitled “Strategic Planning for Colleges and Institutes of Higher Education”.

18 to 20 Oct2022

A training course at Assurance and Accreditation Authority entitled “Self-evaluation for Colleges and Institutes of Higher Education”.

27 to 29 Sep2022

A training course at Assurance and Accreditation Authority entitled “Description of programs and courses for Colleges and Institutes of Higher Education”.

18 to 19 Sep2022

A training course at Assurance and Accreditation Authority entitled “Examination and student evaluation systems for Colleges and Institutes of Higher Education”.
